PROFESSIONAL SUMMARY

Quality-focused website developer and QA specialist with experience in WordPress and Elementor development, finance mobile and web testing, Maestro automation, UI/UX evaluation, technical SEO, and client website support. Combines development and testing skills to build reliable digital experiences, identify usability issues, and improve websites for users and businesses.

PROFESSIONAL EXPERIENCE

HeyPenny | Quality Assurance Tester (Part-time)

Nov 2025 - Present

- Test the Penny finance mobile application and web platform across functional, regression, responsive, and UI/UX scenarios.
- Create repeatable Maestro automation flows for key finance workflows and maintain structured test coverage.
- Document defects with clear reproduction steps and review navigation, consistency, and user friction across releases.

GodesQ Digital Marketing Services | Website Developer, QA & SEO Specialist

Jun 2025 - Present

Part-time from June 1, 2025; full-time since July 30, 2025

- Develop and maintain client websites with WordPress and Elementor, contribute to Shopify updates, and troubleshoot frontend issues.
- Perform functional, responsive, UI/UX, and performance QA for client websites and digital experiences.
- Support technical and on-page SEO with Semrush, including site audits, keyword checks, issue diagnosis, and content recommendations.
- Handle client work for Bemunchie and Freedom Family Investments, alongside projects including Maria and I, Go To SHOUT, and ProAge Beauty.

SELECTED PROJECTS

Penny QA Desk | Personal Project

2026

- Built a QA task-management and tracking workspace for Penny mobile and web testing, organizing checks, bug reports, and completion history.

Neko Food House POS & Inventory System | Team Capstone

2023 - 2024

- Contributed to C# development, UI/UX design, and debugging for a computerized sales and inventory system.
- Supported sales and inventory workflows, automated reporting, inventory alerts, and light/dark login themes as part of the capstone team.

Selected web work: mariaandi.com | gotoshout.com | freedomfamilyinvestments.com | proagebeauty.ph
